LAYOUT

As a standard vehicle we offer two layout choices: the Q18 CLASSIC and the Q18 VARIO. The plus options include a sleeping alcove with a double bed (200 cm x 140 cm). In the standard fittings and features the roof mounting can be used as storage room.

PROTEC Q18 CLASSIC & Q18 CLASSIC plus

With 3-4 sleeping spaces (with 5-6 sleeping spaces in the Q18 CLASSIC plus*)

Our Q18 CLASSIC layout offers you a luxurious bedroom with a large double bed.

- 2 sleeping spaces without installing (4 sleeping spaces*)
- Expendable to 1-2 sleeping spaces with installing (5-6 sleeping spaces*)
- 4 seat-belt fittings
- Spacious garage below the rear bed
- Up to 2 partitioned sleeping spaces
- Generous cupboard solutions

* The Q18 CLASSIC plus provides an alcove for 2 additional sleeping spaces (see markings).

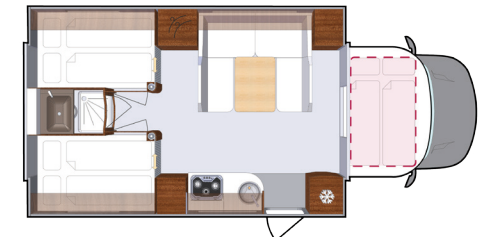

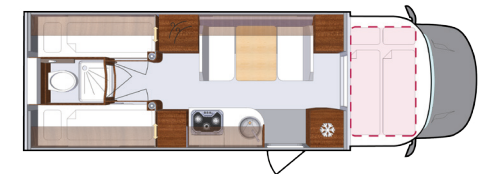

PROTEC Q18 VARIO & Q18 VARIO plus

With 3-6 sleeping spaces (with 5-8 sleeping spaces in the Q18 VARIO plus*)

Our Q18 VARIO layout offers you a large variety of possible uses and options: both rooms, for example, can be used as two separate sleeping areas. You could also accommodate a pet, plan to set up an office, a live-in bathroom, a separate dressing room, a store room or an extended garage – just let us know your wishes and needs for more space and we will check all the possible solutions for you.

- 2-4 sleeping spaces without installing (4-6 sleeping spaces*)
- Expendable to 1-2 sleeping spaces with installing (5-8 sleeping spaces*)
- 6 seat-belt fittings
- 2 height-adjustable garages below the rear single bed
- Up to 3 partitioned sleeping spaces
- Generous cupboard solutions

* The Q18 VARIO plus provides an alcove for 2 additional sleeping spaces (see markings).

Dimensions and weights are approximate measurements and can vary. Errors and technical changes are subject to modification. Only vendor parts of the highest quality are used. Manufacture of our vehicles is carried out in our main site in Wessling near Munich. Status as of April 2018.

*Taking into consideration the total weight motorhome plus towing of 10,7 t (manual transmission) and 10,5 t (automatic transmission HI-MATIC).
